# Hot Drinks

## Coffee from £2.00

Our 100% specialty grade Arabica coffee is hand roasted in Bristol by the lovely folk at Extract Coffee Roasters. Our espresso blend changes with the seasons, but not the taste of cocoa, caramel and hazelnuts. We always blend to deliver a coffee with depth & body that balances beautifully with Yeo Valley's creamy organic milk. Our filter coffees, where available, are single-origin (from one farm) and have been carefully selected for their unique flavour.

### Filter Coffee (where available)

Best served black, a full flavoured great alternative to an Americano. Changes seasonally

### Americano

A double shot of either our medium or dark roast blend served over hot water

### Espresso

A double shot as standard; our medium roast espresso served neat, short, sweet and intense

### Macchiato

### Latte

A double shot of either our medium or dark roast espresso topped with beautifully textured hot milk and some artistic flair

### Cappuccino

Dense, rich foam tops a double shot of medium roast espresso, ask for chocolate sprinkles

### Caffe Au Lait

### Flat White

A ristretto shot pulled short to create an intense coffee hit, balanced with a rich creamy milk. A must!

### Piccolo

For when a flat white is too milky for you, this medium roast ristretto is served short with beautifully textured milk

### Mocha

When a cappuccino is too bitter this chocolate shot will sweeten the deal

### Chai Latte

Textured milk with a shot of chai syrup, a real winter warmer

### Hot Chocolate

A slug of freshly melted dark chocolate topped with creamy milk

### Hot White Chocolate

A rich white chocolate topped with textured, creamy milk

## Teas from £2.10

We buy them seasonally so they are fresh and full of flavour. Members of the Ethical Tea Partnership, Canton choose teas with organic certification only where quality is not compromised.
